

## Primary PE and Sport Premium Funding 2019/20

**Current numbers on roll** (nor) Reception – Y4 = 128

Number of children in Reception and years 1 – 4 who are **eligible** for Sport Premium on the January 2017 School Census =

Funding : £17000

### **Background:**

In April 2013, the Government announced new funding of £150 million for Physical Education (PE) and sport. This funding should be used to improve the quality and breadth of PE and Sport provision. This funding is ring fenced to be used for sport specific areas to make an impact in Physical Education and Sport in schools.

Schools are free to determine how best to use this funding to improve the quality and breadth of PE and Sport provision, including increasing participation in PE and Sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.

### **The revised vision for the Primary PE and Sport Premium is:**

#### **VISION**

- ***All children take part in at least 60 minutes of physical activity every day***
- ***Children and young people have the opportunity to realise developmental, character-building experiences through sport, competition and active pursuits.***
- ***All sport and physical activity provision for children and young people is designed around the principles of physical literacy, focuses on fun and enjoyment and aims to reach the least active.***

- ***All children leaving primary school at the end of Y6 can swim at least 25 meters, perform a safe self-rescue in different water situation and use a range of strokes effectively***

**OBJECTIVE:**

To achieve self-sustaining improvement in the quality of PE and sport in primary schools.

**We would expect indicators of such improvement to include:**

- The engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles.
- The profile of PE and sport being raised across the school as a tool for whole school improvement.
- Increased confidence, knowledge and skills of all staff in teaching PE and sport.
- Broader experience of a range of sports and activities offered to all pupils.
- Increased participation in competitive sport.

**During the academic year September 2019 to July 2020 we plan to spend our funding in the following areas:**

- Employment of qualified PE teacher
- Increase participation in competitive sporting activities
- Improve the PE provision across the school
- Increase physical activity across the school
- Train staff effectively in the delivery of PE

We have recently employed a qualified PE teacher to teach across schools in the partnership. This allows for one and a half days of high quality PE lessons in school, one lunch time club per week and one after school club per week. By employing a qualified teacher to take on this role we are allowing children to participate in high standard PE lessons.

Specialising in sports such as football, rugby, cross-country running and more we intend to open children’s minds to the world of sport equipping them with a desire to participate and showing them that it is possible to have an enjoyable experience being part of an activity.

We believe in participation for all ages and abilities with the goal of a healthier lifestyle for every child that takes part.

#### Sport Premium Sustainability

Wherever possible the PE and Sport Premium is used to create sustainable improvements in PE and School Sport by:

#### Up skilling Staff

- Providing opportunities to develop staff skills, knowledge and confidence which will impact on future cohorts of children

#### Improving Community Links

- Creating meaningful links between the schools and community clubs where coaches deliver in schools, children are taken to the club for School Games competitions or children are supported to transition into community sport

### Health & Well-Being

- the development of Sports Leaders, School Sport Organising Crews and the provision of alternative activities such as skipping and hula-hooping have increased physical activity in school playgrounds. Trained leaders and teachers have created sustainability for the future

### Partnership working

- Prudhoe Partnership schools working together have built a strong, sustainable network where ideas are shared, support is offered and schools collaborate to offer their pupils the best opportunities they can.

Some of the activities, programmes and support we are able to provide with the Sport Premium would not be sustainable without further funding or passing on the costs to the pupils.
