Funding : £17080

Background:

In April 2013, the Government announced new funding of £150 million for Physical Education (PE) and sport. This funding should be used to improve the quality and breadth of PE and Sport provision. This funding is ring fenced to be used for sport specific areas to make an impact in Physical Education and Sport in schools.

Schools are free to determine how best to use this funding to improve the quality and breadth of PE and Sport provision, including increasing participation in PE and Sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.

The revised vision for the Primary PE and Sport Premium is:

VISION

All pupils leaving primary school physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy lifestyle and lifelong participation in physical activity and sport.

OBJECTIVE: To achieve self-sustaining improvement in the quality of PE and sport in primary schools.

We would expect indicators of such improvement to include:

- The engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles.
- The profile of PE and sport being raised across the school as a tool for whole school improvement.
- Increased confidence, knowledge and skills of all staff in teaching PE and sport.
- Broader experience of a range of sports and activities offered to all pupils.
- Increased participation in competitive sport.

During the academic year September 2018 to July 2019 we plan to spend our funding in the following areas:

The table below (blue heading) is a comprehensive spending on employing a qualified PE teacher.

The other table (green heading) is further spending.

We have recently employed a qualified PE teacher to teach across schools in the partnership. This allows for one and a half days of high quality PE lessons in school, one lunch time club per week and one after school club per week. By employing a qualified teacher to take on this role we are allowing children to participate in high standard PE lessons.

Specialising in sports such as football and entering a variety of competitions, we intend to open children's minds to a whole new world of sport from what they already know, equipping them with an adventurous desire to try new things. Showing them that it is possible to have an enjoyable experience being part of an activity they may not have thought possible.

We believe in the participation of all ages and abilities with the goal of a healthier lifestyle for every child that takes part.

Sport Premium Sustainability

Wherever possible the PE and Sport Premium is used to create sustainable improvements in PE and School Sport by:

Up skilling Staff

- Providing opportunities to develop staff skills, knowledge and confidence which will impact on future cohorts of children

Improving Community Links

- Creating meaningful links between the schools and community clubs where coaches deliver in schools, children are taken to the club for School Games competitions or children are supported to transition into community sport

Health & Well-Being

- the development of Sports Leaders, School Sport Organising Crews and the provision of alternative activities such as skipping and hula-hooping have increased physical activity in school playgrounds. Trained leaders and teachers have created sustainability for the future

Partnership working

- Prudhoe Partnership schools working together have built a strong, sustainable network where ideas are shared, support is offered and schools collaborate to offer their pupils the best opportunities they can.

Some of the activities, programmes and support we are able to provide with the Sport Premium would not be sustainable without further funding or passing on the costs to the pupils.
